

## Competency Unit / Training Program Overview

### ICTWHS203 – Work Safely Near Power Infrastructure

**National Competency Standards:** ICT – Information and Communications Technology Training Package (Release 3.0)

**Competency Unit Number:** ICTWHS203 (Release 1)

**Competency Unit Name:** Work Safely Near Power Infrastructure

#### Unit Descriptor

This unit describes the skills and knowledge to conduct telecommunications operations near substantial safety hazards. It includes safety hazard management at heights near electrical distribution infrastructure, radiation devices or other services in confined spaces.

#### Application of the Unit

The unit applies to field officers who work with cables on elevated work platforms, in confined spaces and on roofs and other structures near power lines. It does NOT include work on public electricity assets.

Work functions in the occupational areas where this unit may be used are subject to regulatory requirements. Refer to the ICT Implementation Guide Companion Volume or the relevant regulator for details of licensing, legislative or certification requirements.

#### Recognition

On successful completion of this unit of competency, participants will be issued with a Statement of Attainment.

#### Prerequisite Units

No pre-requisite training is required.

#### Program Duration

8 Hours (Recommended)

Participants will be notified of the associated scheduling in advance. This will occur after the learner cohort has been reviewed to identify individuals learning requirements.

#### Re-accreditation Timeframes

As determined by Employers WH&S Policies

#### Core Skills

To successfully complete this unit of competency, participants should possess the required level of core skills associated with reading, writing, and numeracy. The following are examples of core skills required for this unit.

**Reading:** Reads and interprets documentation from a variety of sources and consolidates information to determine safety requirements

**Writing:** Accurately records and completes organisational safety documents and correspondence, using clear language and correct spelling, grammar and terminology.

**Numeracy:** This program does not require the use of numeracy skills.

Wherever possible, our Program Facilitators will make reasonable adjustments for participants that require core skills assistance. InterLink Training can also confidentially provide written information on where support can be obtained to assist with core skills development.

## Mode of Delivery

- Face to Face or Small Group (Workshop Session)

## Competency Assessment

Participants will be required to successfully complete a number of workbook activities, and a written assessment to demonstrate they are competent in the application of this unit of competency.

## Recognition of Prior Learning (RPL)

InterLink Training offers Recognition of Prior Learning (RPL) if an individual believes they can demonstrate they already hold the underpinning knowledge and skills contained in the unit of competency.

## Personal Protection Equipment (PPE) Required

No PPE is required whilst attending this program

## Training Resources

InterLink Training provides the relevant training resources required to demonstrate competency.

**Licensing / Regulatory Information:** Not applicable

## Government Financial Support and Funding Subsidies

Government financial support and training subsidies are not available for this stand-alone unit of competency.

InterLink Training is not a VET FEE-HELP approved training provider

## Special Access Needs

Please advise our Regional Coordinators when making a booking if you have any special needs in relation to access within our training facilities.

## Disclaimer

Attendance at this program does not guarantee:

- A learner will successfully complete the training program:
- The training program can be successfully completed if it is undertaken in a manner that does not comply with the Standards for Registered Training Organisations (RTO's) 2015; *and*
- A learner will obtain a particular employment outcome where this is outside the control of InterLink Training
